ARRIVAL AND DEPARTURE

Under requirements set out by the Children's Service Regulations 2020, parents/guardians must sign their child in each day and out prior to departure and must include the name of the child, who will be collecting the child, signatures of parent/guardian and a contact phone number.

COLLECTION OF CHILDREN

To ensure the safety of the child, only authorised people will be allowed to collect the child from the Centre. It is the parents/guardian responsibility to inform the Centre of any changes to the authorised people. If you are unable to collect your child, Crèche staff must be informed in writing or via the telephone of the name of the person who will be collecting your child. The person collecting the child will need to provide identification (preferably photo identification) before the child will be released into their care.

ILLNESS AND INJURIES

Children who are infectious or unwell should be kept at home. In the event of an illness or injury the parent/guardian will be contacted immediately.

MEDICATION

Due to the short nature of the sessions it is preferred that any medication is administered prior to arriving for the session. If your child requires medication during the session please speak to the Crèche staff on duty. Medication will only be administered by Crèche staff with written permission and an accurately completed medication form.

ANAPHYLAXIS/ASTMA ACTION PLAN

If your child has an allergy or asthma, you may be provided with an action plan from your doctor. This document must be signed by your doctor. We will need a copy of this plan prior to enrolment.

WHAT TO BRING

- Clearly labelled bag and change of clothes.
- Sufficient nappies.
- Plastic bag for soiled nappies or clothes.
- Clearly labelled drinks, including bottles.
- Hat and sunscreen in summer.
- Hat and jacket in winter.
- Food is permitted in the sessions.

Please note due to Occupational Health and Safety requirements, we are unable to store prams in the crèche or foyer.

GENERAL QUERIES OR COMPLAINTS

All staff are employed in accordance with the Victorian childcare legislative requirements. For enquiries or complaints, staff are available to chat from 9.00am to 12.00pm, Monday to Friday.

Any queries or complaints that cannot be resolved by staff can be directed to the General Manager of Eagle Stadium on 8734 5677 or Aqua Pulse 8734 5678

NB: Please ensure nuts or product with nut ingredients are not provided in snack boxes.

SEPT 2018

Enrolment date:

A parent or guardian who has lawful authority in relation to the child must complete this form. A brief explanation of lawful authority is found at the end of this form. Licensed children's services may use this form to collect the child's enrolment information as required in regulations 31-35. Questions marked with an asterisk * are not required to be answered by regulations, but will assist in the caring of your child.

Starting childcare or kindergarten?

Immunisation information for parents enrolling a child OFFICIAL

Enrolment requirements in Victoria

By law, to finalise enrolment for your child in long day care, kindergarten, family day care or occasional care, you must provide the service with a current immunisation history statement from the Australian Immunisation Register (AIR) that shows your child is up to date with all the immunisations that are due or able to receive for their age.

What is an immunisation history statement?

It is a statement from the AIR that shows what vaccines your child has received and, if applicable, which vaccines are due in the future and when.

All vaccines recorded on the AIR will appear on your child's immunisation history statement. You do not need to do anything to get your child on the AIR. Your vaccination provider will tell the AIR when they give your child a vaccine and which vaccines they have given.

Vaccines on the National Immunisation Program Schedule are provided free.

What is this document used for?

To finalise enrolment. To accept an offered place at a service, you must provide a current immunisation history statement. This is usually done within two months before your child is due to start at the service.

To keep children safe. If there is a disease outbreak at the service, the document is used to identify children at risk (for example, children too young or those who cannot be fully immunised against a disease) who may need to stay away from the service until it is safe for them to return.

What if I cannot get a statement?

In some circumstances, a 16 week 'support period' (also known as the 'grace period') can be applied, so your child can start at the service while you arrange to get a statement. Again, the service can advise if this applies to you.

How do I get an immunisation history statement?

The quickest way to get your child's statement is by using your Medicare online account through myGov or the Express Plus Medicare mobile app.

Alternatively, you can call the AIR on 1800 653 809 to request that your child's statement be posted to you. It can take 14 days to arrive by post.

What if my child has had immunisations overseas, or they are not eligible for Medicare?

You can get overseas immunisations added to the AIR. You need to take a translated copy of your child's overseas immunisation history to your Australian immunisation provider. They will check the vaccines your child has had and tell you if any additional ones are required. They will update the AIR with immunisations given overseas as well as any new ones.

When your child's immunisations are recorded on the AIR, ask your immunisation provider if they can print an immunisation history statement from the AIR for you to give to your childcare or kindergarten service.

Alternatively, you can call the AIR on 1800 653 809 to check if your child's immunisations have been recorded and request a statement to be posted to you. It can take up to 14 days to arrive by post.

A translating and interpreting service is available by calling 131 450, Monday to Friday, from 8.30 am to 4.45 pm.

How do I tell if my child is 'up to date'?

Look at your child's current immunisation history statement. 'Up to date' will appear at the top of the immunisation history statement.

At the bottom, it will show 'Next due immunisation(s)' or 'No vaccines due'. If the next due immunisation date is in the future, your child is up to date for their age. If your child has completed all their childhood immunisation, it will show 'No vaccines due'.

What do I do when my child has immunisations AFTER enrolling?

After each immunisation, you should provide an updated immunisation history statement to the service to include in their records. Your service will periodically remind you that you need to do this.

Getting the right documentation

Scenario	Advice
Lost AIR immunisation history statement	Use your Medicare online account through myGov or Express Plus Medicare mobile app to access a copy or call the AIR on 1800 653 809 and request a copy be posted to you. It can take up to 14 days to arrive by post.
Incorrect information recorded on the AIR immunisation history statement	If immunisations are missing from a statement, contact your immunisation provider to check if they have been sent to the AIR. Once the information is recorded on the AIR, you can access an updated copy using your Medicare online account through myGov or Express Plus Medicare mobile app.
Overdue for a vaccination	See a doctor or immunisation nurse. The doctor or nurse will provide the vaccination and advise the AIR. Once the AIR has been updated, you can access a copy using your Medicare online account through myGov or Express Plus Medicare mobile app.
Overdue for multiple vaccinations	See a doctor or immunisation nurse discuss a 'catch-up schedule'. As each vaccination is given, they will update the AIR. Once the AIR receives the information, you can access a copy of your child's immunisation history statement using your Medicare online account through myGov or Express Plus Medicare mobile app.
Medical reasons	If your child cannot be fully immunised for medical reasons, you will need to visit an eligible doctor who may provide an immunisation medical exemption. This information will be recorded on the AIR, noting the vaccines your child cannot receive for medical reasons.
	If your child has an immunisation medical exemption recorded on the AIR, information will appear at the bottom of the statement noting the vaccines they cannot receive.
Questions or concerns about immunisation	Seek advice from your doctor or contact your local council immunisation service.

National Immunisation Program (NIP) schedule
